How We Work

1 Order Through Parcel My Box Store Portal

Customers place prepaid orders directly through the Parcel My Box store portal. This ensures a seamless shopping experience and allows for easy payment and order tracking.

2 Local Pickup and Warehouse Facility

- Customers who wish to send their own packages can utilize our local pickup and warehouse services. They fill out a form to provide details about their packages, whether it's an online order or a personal shipment.
- If they select "online order" in the form, they should also provide the purchase links, making it easy to track the products.
- Customers can send their purchases directly to our warehouse or provide our warehouse address and phone number when ordering online.
- Pricing for warehouse services is based on the type of service selected, ensuring flexible and cost-effective options.

3 Direct Shipping to Warehouse

For online orders from platforms like Amazon, Flipkart, and Ajio, items are shipped directly to our secure warehouse. This step consolidates all purchases, ensuring they are safely stored until they are ready for further processing.

4 Group Package Services

- Above 20kgs:** Packages weighing over 20kgs are packed separately to ensure safe handling and efficient shipping. The cost for this service is \$9.5 per package.
- Below 10kgs:** Packages weighing less than 10kgs are consolidated into group packages to optimize shipping costs. This service is available at \$12 per package.
- Optional Packing Service:** Customers can choose to have their items professionally packed by Parcel My Box, guaranteeing secure and reliable packaging.

5 Warehouse Storage and Shipping

- Items stored in our warehouse are packed and shipped based on their actual weight and volumetric weight. This method ensures that customers pay the most cost-effective rate for their shipments.
- Our team evaluates the best shipping method, whether through group packages or separate packages, to ensure efficiency and cost savings.

6 Shipping to USA

Once the items are ready, they are shipped from our warehouse to the USA. We handle all logistics to ensure safe and timely delivery of the packages.

7 Local Delivery in the USA

Upon arrival in the USA, packages are handed over to local leads. Customers then come to the local lead's house to pick up their packages. This ensures that packages are securely handed over to the rightful recipients.
